

Clean and comfortable facilities  
for you and your guests

The award-winning, innovative VP600 vacuum cleaner provides superior cleaning performance. The low sound level makes the machine ideal for daytime cleaning in hotels and restaurants.

Built for the hospitality industry, the VU500 vacuum offers superior features and durability, plus better performance and filtration than more expensive commercial uprights.

For high-traffic carpeted areas from conference rooms to hallways, the quiet and powerful SW900 floor sweeper offers you high cleaning performance and productivity.

# Superior cleaning results with less guest disruption - Leave nothing behind but a beautiful first impression

Efficient and easy daily cleaning even in less accessible areas. The compact, maneuverable and quiet SC351 scrubber dryer cleans in all directions and delivers a clean and dry surface - safe and ready to use.

We know you compete for every guest and that first impressions are vital.

To assure the comfort and contentment of your guests and staff, you work to achieve the highest level of cleanliness in your facility, and you carefully consider the health, air quality, safety and environmental effects of your cleaning practices. With complete cleaning solutions from Nilfisk, you gain the edge you need for superior cleaning results and higher staff productivity with less guest disruption.

From daily vacuuming and scrubbing, to scheduled restorative carpet care, to frequent sweeping of outdoor walkways, there is a Nilfisk solution for every need and for every size facility. Nilfisk's revolutionary and patented floor care solutions can help you reduce water and chemical consumption, improve indoor air quality and reduce the overall environmental impact of your floor cleaning.

As your cleaning partner, we are dedicated to helping you maintain a clean, safe and healthy environment for you and your guests.

## Nilfisk – perfect for the hospitality industry

- A wide range of vacuum cleaners with certified HEPA filtration
- Save labor by scrubbing floors clean and drying them in one pass
- Reduce water and chemical consumption with Nilfisk Ecoflex, minimizing environmental impact
- Quiet machines allow for daytime cleaning, lowering the cost to clean
- Increase safety and reduce risk by minimizing chemical fumes, slippery floors and slip-and-fall accidents
